

HH PPS Claims and CWF Episodes

Claim Submission	Affect on CWF Episode Record for the Beneficiary	Affect on Other Providers' HH Billing for that Beneficiary
RAP (first episode)	Creates an episode record using the claim "from" date and calculating a "through" date 60 days later	RAPs (or no-RAP LUPAs) within the episode period will be rejected, unless transfer source code
RAP (subsequent episode)	Creates another episode record using the claim "from" date and calculating a "through" date 60 days later	RAPs (or no-RAP LUPAs) within the episode period will be rejected, unless transfer source code
RAP with transfer source code	Creates a new episode record using the claim "from" date and calculating a "through" date 60 days later	Episode "through" date of provider beneficiary is transferring from is moved back to "from" date of RAP with transfer source code. That provider cannot bill outside of this shortened period. (If a discharge final claim from that provider has already been paid, that final claim will be reprocessed as a PEP.) A third provider's bills within the new episode period will be rejected, unless transfer source code.
Provider cancels RAP	Episode record is deleted	RAPs (or no-RAP LUPAs) within the deleted period will be accepted
System auto-cancels RAP	Episode record is left open	RAPs (or no-RAP LUPAs) within the episode period will be rejected, unless transfer source code
Final claim (full episode)	Completes an episode record, leaving episode "through" date at 60 days and updating DOLBA with last date of service	RAPs (or no-RAP LUPAs) within the episode period will be rejected, unless transfer source code
Final claim (discharge with goals met before day 60)	Completes an episode record, leaving episode "through" date at 60 days and updating DOLBA with last date of service	RAPs (or no-RAP LUPAs) within the episode period will be rejected, unless transfer source code
Final claim (transfer)	Completes an episode record,	RAPs (or no-RAP LUPAs) will be

Claim Submission	Affect on CWF Episode Record for the Beneficiary	Affect on Other Providers' HH Billing for that Beneficiary
	updating both episode "through" date and DOLBA with last date of service	accepted if claim "from" date is on or after the current episode "through" date
Final claim (discharge with goals met and readmitted)	Completes an episode record, updating both episode "through" date and DOLBA with last date of service	RAPs (or no-RAP LUPAs) will be accepted if claim "from" date is on or after new episode "through" date
No-RAP LUPA Final claim	Creates another episode record using the claim "from" date and calculating a "through" date 60 days later, updating DOLBA with last date of service.	RAPs (or no-RAP LUPAs) within the episode period will be rejected, unless transfer source code. Since the no-RAP LUPA opens a period, prior to receipt of this claim, no episode record prevented another provider from billing.
Adjustment of final claim	No affect on episode "through" date unless the adjustment changes the patient status to a transfer, DOLBA may be updated	Impact on other providers of final claim is unchanged.
Provider cancels final claim	Episode record is deleted from CWF	RAPs (or no-RAP LUPAs) within the deleted period will be accepted
System auto-cancel final claim	Episode record is left open	RAPs (or no-RAP LUPAs) within the episode period will be rejected, unless transfer source code
Final claim denied	Completes an episode record, updating the episode "through" date. If the patient status of the denied claim is a discharge or still patient, the calculated "through" date will be left unchanged.	RAPs (or no-RAP LUPAs) within the episode period will be rejected, unless transfer source code
